In a breeding stock class, we look for the breed characteristics that will be passed on. Breeding classes are judged by running the hand over the animal to determine bone structure, finish, etc.

## Comments

### GENERAL CONDITION AND EXPERIENCE

- Check for disqualification such as malformed teeth and broken toes and nails
- Broken toes or nails are not defect if accidental
- Short fur with good density is required
- Check for strong, straight front legs
- Check ears for mites
- Check tail

### BODY CAPACITY

- Strong, flat, broad chest indicates strong heart and good lungs
- Rib and hip bones should be close together to reduce weakness in loin
- Loin wide and deep
- Smooth and well-filled out rump

### CONDITION

- As well-conditioned rabbit will have hard, solid flesh and be difficult to pick up by the shoulder skin
- Flesh will be solid rabbit is raised on a balanced diet with necessary exercise

### HEAD, FEET AND LEGS

- Broad head with rounded muzzle but not coarse or blocky
- Ears straight, moderate to short in length and carried erect and close together
- Eyes good size , bright and free from signs of weeping
- Nose free from mucus
- Feet small but strong and full pads of hair on hind feet
- If feet are too small, rabbit tends to sit still and not exercise.
