To try and reach more members, leaders and parents the Ambassadors have started a newsletter to be shared with our Region. We will recap what we are doing around the Province and remind everyone that we are here as a resource for learning. To recap our year so far, we have attended many Club, District, Regional and Provincial level things from Judging clinics, Public speaking workshops, to Emceeing events. Something that all of the Ambassadors share is being here for our members and passing on our knowledge. Click here to go to the 4-H Alberta website highlighting us and our fellow Ambassadors to find one that has strengths in the area you are looking for. Danielle recently attended the 4-H Alberta Provincial Judging competition held in Vermillion, Ab. She was thrilled to emcee the awards ceremony after an eventful day. Vanessa and Chance have been busy with workshops and camps.
